

I want to introduce you to a new website nQUIZitor.com designed specifically to help LTC Bible Bowl coaches prepare students for LTC Bible Bowl events.

Coaches register with the site to create a unique team identifier (TeamID) which is then used by students to register as members of that specific team. The website gives coaches access to a database of over 700 multiple choice questions covering the book of Acts to create quizzes for their students. Here is a brief list of features:

Coaches:

- Generate multiple-choice quizzes from a database of over 700 questions
- Save quizzes for students to take online
- Print quizzes for students to take on paper
- Run quizzes on-line as a group exercise
- View student quiz activity
- Track each student's performance
- Email one or all students on your team

Students:

- View list of quizzes saved by their coach
- Take saved quizzes online
- Print saved quizzes
- Generate and take practice quizzes
- View performance on saved quizzes

I think that you will find that nQUIZitor.com is a fun and useful tool. Teams are asked to pay an annual fee of \$45 per team to use the site, but the payment is voluntary. There is no limit to the number of students on a team. The donations help offset the cost of developing and operating the website and provide needed support for my family. My hope is that we can motivate students to learn more scripture and strengthen Christian friendships.

Take a test drive. Visit www.nquizitor.com, click STUDENT REGISTER, enter your email and password and use '*demo*' as the TeamID. As a demo-user you will be able to see how the site looks for the students and switch modes to see how the site looks for coaches.

Please feel free to contact me with questions,

Stephen Shaffer
